

Managing Heterogeneous Data

The screenshot shows the Oracle Primavera Unifier Asset Register. The main table lists assets with columns: Record Number, Full Item Designation, Long Term Text / Description, Conjoint, and Main. A specific asset is highlighted with a blue box, and its details are shown in the right-hand pane. The details include Item Designation (SPE603), Item Designation (SPE606), Item Designation (TAG Station), Item Designation (TAG Connection), and References to Other Objects. A link to the asset's details is provided: <https://upwwebsrv/LifeBoat>.
